

MiFi® 8000 MOBILE HOTSPOT

Super-fast Data with Strong, Secure Connections

Work smarter and play harder wherever you go. With advanced LTE technology, the new MiFi 8000 delivers gigabit-speed data connectivity for better performance on the road, at home or anywhere life takes you.

With real simultaneous dual-band Wi-Fi, it maximizes the quality and speed of each local link while reducing network congestion. Connect up to 15 Wi-Fi clients at once, including laptops, tablets, smartphones and more.

Global Mobility

The MiFi 8000 connects you to cellular service across the USA (using LTE and CBRS) and around the world (using HSPA+, UMTS and LTE) so you can roam freely.

Enterprise-Grade Security

The MiFi 8000 safeguards your data with advanced encryption, hacker prevention, VPN pass-through, password protection, Guest Wi-Fi network and more. The IT admin portal also lets you customize the settings to control various uses.

24-Hour Power with Fast Recharging

Stay up and running for up to 24 hours on a single charge*, and use the standby mode to conserve battery life for days without plugging in. When the battery gets low, QuickCharge™ technology takes it from 0 to 100% in just over 3 hours. You can even use the MiFi 8000 to refresh the batteries on other connected devices via USB.

Brilliant Color Touchscreen Display

Featuring a full-color, 2.4" touch screen display, the MiFi 8000 boasts more features and onscreen help than ever before, giving you the best user experience possible.

Share Files Easily and Safely

MiFi Share lets you share files with other trusted devices on your local, secure Wi-Fi network via USB memory stick.

MiFi Technology by Inseego: Always a Step Ahead

With best-in-class security, intelligent antenna features and more, Inseego always keeps you on the leading edge.

NOTE: Data plan required. Coverage subject to network availability.

* Battery life may vary depending upon number of connected devices and activity.

MiFi® 8000 Global Mobile Hotspot Product Specifications

Technology

- Global 4G CAT 18 LTE
- Quad Band HSPA+/UMTS
- CBRS & LAA

GPS

- sGPS w/XTRA

Dimensions

- 113 mm x 71 mm x 19 mm

Weight

- 163 g

Environment

- Operating Temperature: -10°C to 55°C

WLAN

- 802.11 a/b/g/n/ac
- Wi-Fi 2.4 GHz & 5 GHz
- Real Simultaneous Dual-Band Wi-Fi
- Multiple SSID/Guest Wi-Fi Support
- Connect up to 15 Wi-Fi Enabled Devices

Display

- 2.4" Color Touchscreen Display
- Power Indicator LED

Systems Supported

- Windows® 7, 8, 10
- Mac OS® X 10.7 or Higher
- Linux® Ubuntu 12.4 or Higher
- Chromebook and Microsoft Surface

Battery

- 4400 mAh Li-Ion Battery
- Use Time: up to 24 hrs*

Ports

- Type C USB - Charging, Tethering, MiFi Share and Universal Charging of External Devices
- Dual TS9 test ports

SIM

- 4FF

Security

- Wi-Fi Security (WPA/WPA2)
- Wi-Fi Protected Setup (WPS)
- Wi-Fi privacy separation
- On-board VPN
- VPN Pass-Through
- MAC Address Filtering
- NAT Firewall
- Port Filtering
- Security Hardened Web Interface
- Password Hash
- Anti-CSRF
- Session Timeout
- Turn Off Wi-Fi Broadcasting & USB Tethering
- Incorrect Password Lockout
- Use Admin portal to block factory reset

Standards /Approvals /Certifications

- FCC
- ISEDC
- PTCRB
