

## Product announcement

March 2005

### New product **DI-624M**

D-Link Super G<sup>®</sup> with MIMO

## D-Link 108Mbps SuperG MIMO Wireless Router

Extend the range of your wireless network using D-Link's new SuperG™ with MIMO Wireless Router. Featuring the latest Smart Antenna MIMO technology and SuperG™ technology, this new wireless router offers dramatic performance improvements over standard IEEE 802.11b and 802.11g. The DI-624M enables Internet sharing and creates a robust wireless network able to achieve maximum wireless signal rates of up to 108Mbps. When used with other D-Link SuperG with MIMO wireless products, the range can reach up to 8x farther than standard 802.11g to provide thorough wireless coverage throughout your home or office.

Security features include an advanced firewall using both NAT and Stateful Packet Inspection (SPI), as well as Advanced Parental Controls to monitor and maintain Internet usage. Combine these features with full System Logging, Static DHCP, VPN pass-through, and Network Diagnostic Tools to ensure a fully protected network. To protect information floating through your wireless network, the D-Link Super G with MIMO Wireless Router supports both standard WEP and advanced WPA-Personal (WPA-PSK) data encryption. Additional security features include MAC and IP filtering for limiting network access based on MAC Address or IP Address.

### Functions and Features

- 108Mbps SuperG MIMO Wireless Broadband Router
- New MIMO (Multiple Input - Multiple Output) technology for enhanced performance and signal quality
- Based on 802.11g
- SuperG technology for enhanced performance with other D-Link SuperG products
- Fully compatible with 802.11b products
- Built-in 4-port Fast Ethernet switch
- NAT firewall with VPN pass-through support
- Stateful Packet Inspection (SPI)
- WPA data encryption for wireless users
- Parental Control with URL filtering, Domain blocking

### Ordering Information

#### 108Mbps SuperG MIMO Wireless Router

**DI-624M** 108Mbps SuperG MIMO Wireless Router

#### The box includes:

- DI-624M
- Manual on CD-Rom
- Quick Installation Guide
- AC Power Adapter
- Cat 5 Ethernet Cable
