

# My Net™ N900 Central

HD Dual-Band Storage Router

**All-in-one HD  
entertainment router  
with internal storage**

Exclusive FasTrack™ Plus technology  
Internal storage and wireless backup  
Up to 450 + 450 Mbps Wi-Fi™ speed

Accelerate your entertainment and protect your data with My Net N900 Central. FasTrack Plus technology delivers smart, real-time prioritization of entertainment traffic while the automatic backup software wirelessly backs up all the PCs in your network to the built-in hard drive. It features combined wireless speeds up to 900 Mbps\*, 4 Gigabit ports and one USB port.

# My Net N900 Central

## HD Dual-Band Storage Router

### Product Features

#### Exclusive FasTrack Plus

FasTrack Plus technology automatically prioritizes your entertainment to accelerate HD streaming. It manages your network traffic for you and delivers the highest quality entertainment even if it's all happening at the same time.

#### Built-in hard drive for wireless storage

Built-in storage and automatic backup software make it easy and convenient to back up all the PCs in your wireless network while simultaneously streaming, surfing and chatting with friends.

#### Top-of-the-line performance

Simultaneous 2.4 and 5 GHz dual bands reduce interference and deliver combined speeds up to 900 Mbps for the ultimate HD streaming.\*

#### Superior coverage

Range-amplifying technology reduces interference and additional antennas broaden the wireless signal to provide coverage for larger, multi-floor homes.

#### 4 Gigabit Ethernet ports

You'll have plenty of high-speed ports at 10x the speed over Fast Ethernet for your connected devices - HD game boxes, media players, Blu-ray™ Disc players and more.

#### USB port

The convenient USB port makes it easy to add external storage, shared printers, scanners and other USB devices to your network.

#### More control

My Net Dashboard makes it easy for you to customize, monitor or change your settings of your network.

#### Parental controls help protect your family

Use the available parental controls to limit the type of websites your children can view, set access, and time limits for their web access and set Internet security to prevent malware and spyware attacks.

#### Keep your network up and running

The included network diagnostics tool monitors your network for you. It continually analyzes common network connectivity issues and helps correct them so you are back up and running quickly.

#### Share your network with guests

Set up your own secure wireless hotspot in your home so your guests can wirelessly access your network.

#### Easy setup

WD's streamlined CD or browser setup is designed to get you up and running with just a few quick steps. The intuitive user interface is designed for touch screens, making setting up your router on a smartphone or tablet a snap.

#### Easily connect and expand your network

With UPnP™, it's easy to discover and auto-configure other devices on your network to provide the ultimate entertainment experience.

#### Push button setup (WPS)

Easily connect new devices to your wireless network with the push of a button. It's as easy as syncing your mobile phone to your Bluetooth® device.

#### Create your own personal cloud

Combine My Net N900 Central with its built-in hard drive and WD's mobile apps to easily create your own personal cloud. Keep your content safe at home and always accessible from anywhere.

#### IPv6-enabled

Future-proof your network with support for the latest Internet Protocol technology.

### Product Specifications

#### INTERFACE

Gigabit Ethernet  
USB 2.0

#### DIMENSIONS

Length: 9.6 in (244 mm)  
Depth: 1.2 in (30 mm)  
Width: 6.7 in (170 mm)  
Weight: 1.34 lb (0.61 kg) 1 TB  
1.43 lb (0.65 kg) 2 TB

#### SYSTEM REQUIREMENTS

CD setup for PC: Windows® 7,  
Windows Vista®, Windows XP (SP3)

Web setup for Mac®: Safari® 2 or higher  
and type in //wdrouter or 192.168.1.1

#### CAPACITIES & MODEL NUMBERS

1 TB WDBKSP0010BCH  
2 TB WDBKSP0020BCH

#### KIT CONTENTS

HD dual-band storage router  
Setup and resource CD  
Ethernet cable  
Power adapter  
Quick Install Guide

#### LIMITED WARRANTY

Americas 1 year  
EMEA 2 years  
Asia Pacific 3 years

Supported browsers for setup and advanced settings: Internet Explorer® 7,  
Safari® 2, Firefox® 2, Google® Chrome™ 7  
or higher.

\* Maximum wireless performance rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage may vary based on wireless network capacity, data throughput rate, range and coverage. Performance depends on factors including distance from the access point, volume of network traffic, building materials and construction, operating system used, configuration of wireless products used, interference and other adverse conditions. As used for transfer rate or interface, Megabits per second (Mbps) = 1 million bits per second, Gigabits per second (Gbps) = 1 billion bits per second.
