

Notice 2

Samsung Electro-Mechanics
MagicLAN SWL-2100U

Tested to Comply

FOR HOME OR OFFICE USE

The SWL-2100U complies with Part 15 of the FCC rules.

Operation is subject to the following two conditions;

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING

While installing and operating this transmitter and antenna combination the radio frequency exposure limit of $1\text{mW}/\text{cm}^2$ may be exceeded at distances close to the antennas installed. Therefore, the user must maintain a minimum distance of 20 cm from the antenna.

Note: The SWL-2100U has been tested and found to comply with the limits for a Class B digital device and a low power transmitter, according to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to resolve the problem by one or more of the following measures;

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an output on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Important Safety Information

- Read these simple guidelines. Breaking the rules may be dangerous or illegal. SAMSUNG is not responsible for any damages caused by breaking the rules.
- Wireless LAN Card described in this document is approved for use in a wireless local area network.
- Remember to make backup copies of important data.
- When you are transferring data, keep your laptop computer stationary. Roaming between access points may break the connection.
- Only qualified service personnel must repair the equipment.
- All wireless devices may get interference, which could affect performance.
- Use approved accessories only. Do not connect incompatible products.
- Use only accessories approved by the wireless LAN Card manufacturer for use with this particular wireless LAN Card. The use of any other types will invalidate any approval or warranty applying to the wireless LAN Card, and may be dangerous,
- Use only the region setting appropriate for the area where the wireless LAN Card is used at the present time. Using the card in any other region or with an incorrect region setting is prohibited and may be illegal.
- Operation of any radio transmitting equipment, including a wireless LAN Card, may interfere with the functionality of inadequately protected medical devices.
- Do not use the wireless LAN Card on aircraft.
- Do not use the wireless LAN Card at a refueling point.
- Do not use the wireless LAN Card near fuel or chemicals.
- Do not use the wireless LAN Card where blasting is in progress.
- Do not use the wireless LAN Card when the use of wireless device may cause interference or danger.
- Do not use the wireless LAN Card where the use of cellular terminals is prohibited.
