

**Talk to a real person**  
Need to talk to a real person now? Call 800.922.0204 to talk to a Verizon Customer Representative.

**The Verizon Home app**  
Download the app from the Apple® App Store® or Google Play™ Store.  
The app lets you manage connected Wi-Fi and smart home devices, create smart home routines, manage users and more!

**From the admin website**  
Go to <http://my.smarthub> to manage your SmartHub's functions from your computer or tablet. Add users, change access rights, review data usage and more.  
NOTE: You need to be connected to your SmartHub's Wi-Fi network to use the website.

## Need More Information?

## Get started

**1** Plug in your SmartHub

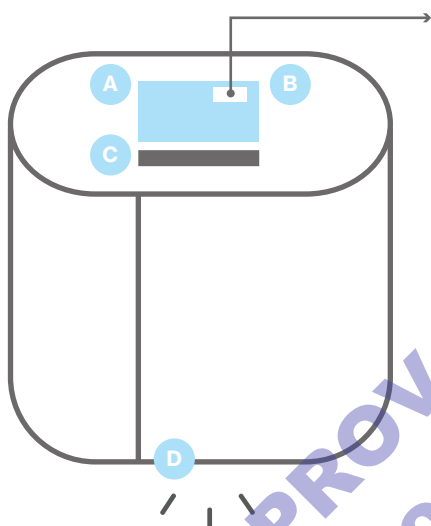

**2** Set up your SmartHub using the onscreen instructions

**3** Download the Verizon Home app to your smartphone
